### Who Gets the Blue Ribbon? The Danish or Group Method of Judging

**What is the Group Method:** The Group Method is a method of evaluating entries or exhibits in a particular class or contest according to the standards developed for that class or contest. The entries, exhibits or contestants are evaluated and arranged into groups for recognition of their achievement based upon how close the exhibit meets the pre-established standards.

**How do you use the Group Method:** After evaluation of each item in the class, the entire class may be subdivided into four groups according to their own merit. All exhibits in this approach are judged in comparison with a standard as opposed to comparison with other exhibits in a class. The standard for each exhibit is established by the characteristics of the "ideal" product in each category.

### THE THREE GROUPINGS ARE:

**Excellent or Blue:** A blue is given to those entries or member who most nearly meet the standards established for the particular class or level of performance. Excellent does not indicate perfection, but is a wide grouping indicating a high degree of achievement toward the elements in the standards for the exhibit. There is no monetary value for this award.

**Good or Red:** The second or red grouping indicates those exhibits or individuals who rank good in relation to the particular standards or expected achievement of the class or contest. Either the general level of the accomplishment is less than excellent or enough specific shortcomings are found to cause the placing to drop from excellent too good. There is no monetary value for this award.

## **Category A: Professional B: Non-Professional C: Youth**

**Fair or White:** The white grouping contains those exhibits or contestants who upon evaluation are found lacking and rate only average, acceptable, or satisfactory rating for the standards established. There is no monetary value for this award.

**No Award or No Ribbon:** May be given if exhibits or individuals who for one reason found to produce that level of achievement which can be reasonably expected in relation to the specific class or performance in which they are entered. Damaged, soiled, odors, or excessive pet hair may not be judged at the discretion of the super attendant and or judge.

**Awards:** Each entry will be judged on its own merit using the Danish or Group Method of judging. Blue Ribbon recipients will be judged for best of category. One 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> place Rosette will be awarded PER CATEGORY from the top Blue Ribbons winners in each category. ONLY ROSETTES HAVE MONETARY VALUE.

### **Categories: A Professional B: Non-Professional C: Youth**

**1<sup>st</sup> Place- Purple Rosette (\$50.00)**

**2<sup>nd</sup> Place- Blue Rosette (\$35.00)**

**3<sup>rd</sup> Place- Red Rosette (\$15.00)**

Professionals will receive Ribbons only.

Non-Professionals & Youth: These will receive ribbons and a cash prize of \$50.00, \$35.00, \$15.00.

Adults 19 years of age and up: 1<sup>st</sup> place, 2<sup>nd</sup> place, 3<sup>rd</sup> place.

Youth A 12-18 years of age: 1<sup>st</sup> place, 2<sup>nd</sup> place, 3<sup>rd</sup> place.
